II.1.4) Short description

Since opening in 2011 Hammersmith Academy has been striving to do something different. It is an inspiring school in the local community that had a clear vision, fostered self-confidence in its students and provided a private school level of education for all. At HA they have adopted the Growth Mindset: excellence is not given at birth, but earned through hard work and determination. They focus on pushing their students to attain the highest qualifications they can, but they will only do that if they also develop a strong character. Qualifications open the door, but character gets you through it. Their longer lessons, peer to peer leadership, and mandatory 'Session 3' extra-curricular programme, ensure a richer, more in-depth delivery of the national curriculum, in which students take responsibility for each other and have ample opportunity to embrace subjects and skills they feel passionately about. HA set high expectations and challenge their students to aspire to be outstanding in all areas of school life. From their uniform, to their attitude to learning, to their conduct in and outside of the classroom, they expect an exemplary approach at all times. Students and staff adopt a professionalism that would be standard in any job, to fully prepare their young people for the world of work.
