Description

Et quo contemptius abuteretur potentia hominum, numquam tristiores sententiam sine praefatione clementiae pronuntiavit, ut non aliud iam certius atrocis exitus signum esset quam principii lenitas. Quosdam maiestatis reos in curiam induxerat, et cum praedixisset, experturum se illa die quam carus senatui esset, facile perfecerat ut etiam more maiorum puniendi condemnarentur; deinde atrocitate poenae conterritus, ad leniendam invidiam, intercessit his verbis (neque enim ab re fuit ipsa cognoscere): "Permittite, patres conscripti, a pietate vestra impetrari, quod scio me difficulter impetraturum, ut damnatis liberum mortis arbitrium indulgentis; nam et parceris oculis vestris et intellegent me omnes senatui interfuisse."
