The distinct Categories mirror Service User Primary Care needs which allows Applicants (economic operators/tenderers) to identify and apply against the appropriate categories for their specialisms and ensures that the Council extends invitations to tender only to those qualified and capable Candidates with the correct experience and expertise for that Service User.

VI.4) Procedures for review

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

In accordance with Regulation 86 (Notices of decisions to award a contract or conclude a framework), Regulation 87 (Standstill periods) and Chapter 6 (Applications to Court) of the Public Contracts Regulations 2015 (SI 2015/102), the contracting authority will incorporate a minimum ten (10) calendar day standstill period at the point that information on the award

of the Contract is communicated to economic operators. This period allows any

unsuccessful economic operator(s) to seek further debriefing from the contracting authority

before the award of the Contract to the successful economic operators. Such additional

information should be requested from the address at Sections I.1 and I.3 of this Notice above. If an appeal regarding the award of the Contract has not been successfully resolved,

then the Public Contracts Regulations 2015 (SI 2015/102) provide for aggrieved parties who

have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within thirty

(30) days beginning with the date when the aggrieved party first knew or sought to have grounds for starting the proceedings had arisen. The Court may extend the time limited for starting proceedings where the Court considers that there is a good reason for doing so, but

not so as to permit proceedings to be started more than three (3) months after that date.

Where the Contract has not been awarded, the Court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If however the Contract has been awarded, the Court may only award damages or,

where the contract award procedures have not been followed correctly, declare the Contract to be ineffective.
