Description

This is a test for Space Technology Solutions DM

Dynamic market dates (estimated)

6 August 2025 to 30 July 2031

Main procurement category

Goods

Not the same for all parts

CPV classifications are shown in Part sections, because they are not the same for all parts.

Part 101. Ground Stations

Description

Part 101 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 102. Cryptographic Technology

Description

Part 102 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 48000000 - Software package and information systems
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 103. Satellite Components

Description

Part 103 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34700000 - Aircraft and spacecraft
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 104. Satellites and Spacecraft

Description

Part 104 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34000000 - Transport equipment and auxiliary products to transportation
- 35630000 - Military spacecrafts
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 105. Ground Based Sensors

Description

Part 105 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 106. Software including Algorithms, Machine Learning, AI

and Licences

Description

Part 106 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 48000000 - Software package and information systems
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 107. Generic Ground Infrastructure

Description

Part 107 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

- 32000000 - Radio, television, communication, telecommunication and related equipment
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 108. Digital Ground Infrastructure

Description

Part 108 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 35710000 - Command, control, communication and computer systems
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 109. Launch Technology and Infrastructure

Description

Part 109 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34000000 - Transport equipment and auxiliary products to transportation
- 35000000 - Security, fire-fighting, police and defence equipment
- 42900000 - Miscellaneous general and special-purpose machinery
- 45000000 - Construction work

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 110. Space-Based Sensors

Description

Part 110 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 111. Planetary and Lunar Exploration

Description

Part 111 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34000000 - Transport equipment and auxiliary products to transportation
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 112. Space Control

Description

Part 112 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work
- 48000000 - Software package and information systems
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 113. Simulators, Stimulators, Test and Training Equipment

Description

Part 113 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34740000 - Aircraft or spacecraft equipment, trainers, simulators and associated parts
- 35000000 - Security, fire-fighting, police and defence equipment
- 38970000 - Research, testing and scientific technical simulator
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 114. Onboard Hardening, System and Capability Resilience, Adaptability

Description

Part 114 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 115. In-Orbit Servicing and Manufacturing

Description

Part 115 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

- 34000000 - Transport equipment and auxiliary products to transportation
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems
- 50650000 - Repair and maintenance services of military aircrafts, missiles and spacecrafts

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 116. Orbital Assets Disposal

Description

Part 116 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 34000000 - Transport equipment and auxiliary products to transportation
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 117. Data Capture Hardware

Description

Part 117 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34700000 - Aircraft and spacecraft
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 118. Unmanned Autonomous Vehicles (UxVs)

Description

Part 118 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

- 34000000 - Transport equipment and auxiliary products to transportation
- 35400000 - Military vehicles and associated parts
- 35613000 - Unmanned aerial vehicles
- 35512400 - Unmanned underwater vehicles
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 119. Unmanned Autonomous Vehicles (UxVs) - Control Systems

Description

Part 119 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34000000 - Transport equipment and auxiliary products to transportation
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 120. Unmanned Autonomous Vehicles (UxVs) - Payloads

Description

Part 120 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34000000 - Transport equipment and auxiliary products to transportation
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 121. Unmanned Autonomous Vehicles (UxVs) - Other technology and equipment

Description

Part 121 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34000000 - Transport equipment and auxiliary products to transportation
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 122. Image Based Navigation

Description

Part 122 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34000000 - Transport equipment and auxiliary products to transportation
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 123. Signals of Opportunity Receiver

Description

Part 123 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34000000 - Transport equipment and auxiliary products to transportation
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 124. Inertial Navigation Systems

Description

Part 124 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 34000000 - Transport equipment and auxiliary products to transportation
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 125. eLORAN

Description

Part 125 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 126. PNT Sensor Processing and Fusion

Description

Part 126 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

- 34933000 - Navigation equipment
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 127. PNT Effectors

Description

Part 127 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 128. PNT Understand

Description

Part 128 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 129. Atomic Clocks

Description

Part 129 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 39254100 - Clocks
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 130. Precision Time Transfer Methods

Description

Part 130 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies

- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35125100 - Sensors
- 35125200 - Time control system or working time recorder
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 131. PNT Environmental Sensors

Description

Part 131 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 132. Celestial Navigation

Description

Part 132 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34933000 - Navigation equipment
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 133. LEO PNT Receivers

Description

Part 133 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34000000 - Transport equipment and auxiliary products to transportation
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 134. Mitigation components for GNSS interference

Description

Part 134 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 135. GNSS Open Signal Receiver

Description

Part 135 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 136. GNSS Encrypted Signal Receiver

Description

Part 136 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 137. PNT Sensor system

Description

Part 137 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 138. PNT Magnetic Navigation

Description

Part 138 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34933000 - Navigation equipment

- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 139. PNT Geodesy

Description

Part 139 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 34000000 - Transport equipment and auxiliary products to transportation
- 35125100 - Sensors
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 140. SATCOM - Space Segment

Description

Part 140 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34000000 - Transport equipment and auxiliary products to transportation
- 35630000 - Military spacecrafts
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 141. SATCOM - Link Segment

Description

Part 141 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34700000 - Aircraft and spacecraft
- 35630000 - Military spacecrafts
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 142. SATCOM - Ground Segment

Description

Part 142 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 42900000 - Miscellaneous general and special-purpose machinery
- 45223400 - Radar station construction work

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 143. SATCOM - User Terminal

Description

Part 143 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 42900000 - Miscellaneous general and special-purpose machinery

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 144. SATCOM - Management

Description

Part 144 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies

- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 42900000 - Miscellaneous general and special-purpose machinery
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 145. SATCOM - Integration

Description

Part 145 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 42900000 - Miscellaneous general and special-purpose machinery
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 146. SATCOM - Launch Licensing

Description

Part 146 this is a test description for space technology solutions dynamic market

CPV classifications

- 32000000 - Radio, television, communication, telecommunication and related equipment
- 34000000 - Transport equipment and auxiliary products to transportation
- 48000000 - Software package and information systems
- 60510000 - Satellite launch services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 147. SATCOM - Security

Description

Part 147 this is a test description for space technology solutions dynamic market

CPV classifications

- 30200000 - Computer equipment and supplies
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 35000000 - Security, fire-fighting, police and defence equipment
- 48000000 - Software package and information systems

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 201. Software Support Services

Description

Part 201 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support
- 75220000 - Defence services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 202. Payload Hosting Services

Description

Part 202 this is a test description for space technology solutions dynamic market

CPV classifications

- 60500000 - Space transport services
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 203. Crypto and Key Management Services

Description

Part 203 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 75000000 - Administration, defence and social security services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 204. Data Processing Services

Description

Part 204 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 205. Up-Link and Down-Link Services

Description

Part 205 this is a test description for space technology solutions dynamic market

CPV classifications

- 32530000 - Satellite-related communications equipment
- 72000000 - IT services: consulting, software development, Internet and support
- 75000000 - Administration, defence and social security services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 206. Satellite Operation and Support Services

Description

Part 206 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 75000000 - Administration, defence and social security services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 207. Ground Support Services

Description

Part 207 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 75000000 - Administration, defence and social security services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 208. Threat Warning Services

Description

Part 208 this is a test description for space technology solutions dynamic market

CPV classifications

- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 75000000 - Administration, defence and social security services
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 209. Analytical Services

Description

Part 209 this is a test description for space technology solutions dynamic market

CPV classifications

- 71351000 - Geological, geophysical and other scientific prospecting services
- 72000000 - IT services: consulting, software development, Internet and support
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 210. Communication Services

Description

Part 210 this is a test description for space technology solutions dynamic market

CPV classifications

- 50332000 - Telecommunications-infrastructure maintenance services
- 64214100 - Satellite circuit rental services

- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 211. IT Data Storage and Retrieval Services

Description

Part 211 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 212. Launch Services

Description

Part 212 this is a test description for space technology solutions dynamic market

CPV classifications

- 34712000 - Spacecraft, satellites and launch vehicles
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 213. System Integration Services

Description

Part 213 this is a test description for space technology solutions dynamic market

CPV classifications

- 34740000 - Aircraft or spacecraft equipment, trainers, simulators and associated parts
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 73000000 - Research and development services and related consultancy services
- 80500000 - Training services
- 80600000 - Training services in defence and security materials

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 214. In-Orbit Servicing and Manufacturing Services

Description

Part 214 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 215. Innovative Services

Description

Part 215 this is a test description for space technology solutions dynamic market

CPV classifications

- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 216. Orbital Assets Disposal Services

Description

Part 216 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 90700000 - Environmental services
- 98391000 - Decommissioning services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 217. Ground Assets Decommissioning and Disposal

Description

Part 217 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 71000000 - Architectural, construction, engineering and inspection services
- 90700000 - Environmental services
- 98391000 - Decommissioning services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 218. Space Domain Awareness Services**Description**

Part 218 this is a test description for space technology solutions dynamic market

CPV classifications

- 60500000 - Space transport services
- 71351000 - Geological, geophysical and other scientific prospecting services
- 72000000 - IT services: consulting, software development, Internet and support
- 75000000 - Administration, defence and social security services

- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 219. Geographic Information Systems (GIS) and Geospatial Data Services

Description

Part 219 this is a test description for space technology solutions dynamic market

CPV classifications

- 71351000 - Geological, geophysical and other scientific prospecting services
- 72000000 - IT services: consulting, software development, Internet and support
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 220. Web Services and Application Programming Interface (API)

Description

Part 220 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 221. Data analytics including Artificial Intelligence (AI)

Description

Part 221 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 222. Aerial Photography Services

Description

Part 222 this is a test description for space technology solutions dynamic market

CPV classifications

- 79961200 - Aerial photography services
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 223. Unmanned Autonomous Vehicles (UxVs) - Inspection Services

Description

Part 223 this is a test description for space technology solutions dynamic market

CPV classifications

- 71000000 - Architectural, construction, engineering and inspection services
- 90700000 - Environmental services
- 35613000 - Unmanned aerial vehicles
- 34114000 - Specialist vehicles
- 35512400 - Unmanned underwater vehicles

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 224. Unmanned Autonomous Vehicles (UxVs) - Surveying Services

Description

Part 224 this is a test description for space technology solutions dynamic market

CPV classifications

- 71000000 - Architectural, construction, engineering and inspection services
- 90700000 - Environmental services
- 35613000 - Unmanned aerial vehicles
- 34114000 - Specialist vehicles
- 35512400 - Unmanned underwater vehicles

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 225. Unmanned Autonomous Vehicles (UxVs) - Response Services

Description

Part 225 this is a test description for space technology solutions dynamic market

CPV classifications

- 75000000 - Administration, defence and social security services
- 35100000 - Emergency and security equipment
- 35613000 - Unmanned aerial vehicles
- 34114000 - Specialist vehicles
- 35512400 - Unmanned underwater vehicles

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 226. Unmanned Autonomous Vehicles (UxVs) - Technical Support Services

Description

Part 226 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 227. Other Unmanned Autonomous Vehicles (UxVs) Services

Description

Part 227 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 75220000 - Defence services
- 80600000 - Training services in defence and security materials
- 90700000 - Environmental services
- 98113100 - Nuclear safety services
- 98391000 - Decommissioning services
- 73000000 - Research and development services and related consultancy services
- 80500000 - Training services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 228. PNT Situational Awareness Data Services

Description

Part 228 this is a test description for space technology solutions dynamic market

CPV classifications

- 60500000 - Space transport services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 229. Trials support and Acceptance Testing

Description

Part 229 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services

- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 80500000 - Training services
- 80600000 - Training services in defence and security materials

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 230. HAE Security approval and Certification

Description

Part 230 this is a test description for space technology solutions dynamic market

CPV classifications

- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 75000000 - Administration, defence and social security services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 231. SRD Requirements authoring

Description

Part 231 this is a test description for space technology solutions dynamic market

CPV classifications

- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 79710000 - Security services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 232. PNT Demilitarisation Services

Description

Part 232 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 79710000 - Security services
- 90700000 - Environmental services

- 98391000 - Decommissioning services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 233. SATCOM - Space Segment Services

Description

Part 233 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 64200000 - Telecommunications services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 234. SATCOM - Link Segment Services

Description

Part 234 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 235. SATCOM - Ground Segment Services

Description

Part 235 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services
- 71000000 - Architectural, construction, engineering and inspection services

- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 236. SATCOM - User Terminal Services

Description

Part 236 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 237. SATCOM - Management Services

Description

Part 237 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 80500000 - Training services
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 238. SATCOM - Integration Services

Description

Part 238 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services

- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 239. SATCOM - Launch Licensing Services

Description

Part 239 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 240. SATCOM - Security Services

Description

Part 240 this is a test description for space technology solutions dynamic market

CPV classifications

- 50000000 - Repair and maintenance services
- 64200000 - Telecommunications services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security
- 80600000 - Training services in defence and security materials

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 301. Electro-Optical and Video

Description

Part 301 this is a test description for space technology solutions dynamic market

CPV classifications

- 32584000 - Data-bearing media
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48613000 - Electronic data management (EDM)
- 48614000 - Data-acquisition system
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services
- 72260000 - Software-related services
- 72300000 - Data services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 302. Synthetic Aperture Radar (SAR)

Description

Part 302 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)

- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 303. Hyperspectral Imaging (HSI)

Description

Part 303 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services

- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 304. Thermal Infrared (IR) Sensing

Description

Part 304 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services

- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 305. Radio Frequency (RF) Sensing

Description

Part 305 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 306. Elevation Data including Light Detection and Ranging (LiDAR)

Description

Part 306 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 307. Earth atmosphere and weather data

Description

Part 307 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 308. Other Earth-related Data

Description

Part 308 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 309. Ionospheric, solar and space-weather/environmental-related data

Description

Part 309 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 310. Space Track Data

Description

Part 310 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)

- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 311. Space Object Data

Description

Part 311 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services

- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 312. Other Space-related Data

Description

Part 312 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services

- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 313. Population Movement Data (PMD)

Description

Part 313 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 314. Aerial Photography

Description

Part 314 this is a test description for space technology solutions dynamic market

CPV classifications

- 79961200 - Aerial photography services
- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 315. Other Geospatial related data

Description

Part 315 this is a test description for space technology solutions dynamic market

CPV classifications

- 72300000 - Data services
- 38221000 - Geographic information systems (GIS or equivalent)
- 38290000 - Surveying, hydrographic, oceanographic and hydrological instruments and appliances
- 48614000 - Data-acquisition system
- 72260000 - Software-related services
- 32584000 - Data-bearing media
- 48613000 - Electronic data management (EDM)
- 71352120 - Seismic data acquisition services
- 71352130 - Seismic data collection services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 401. Training

Description

Part 401 this is a test description for space technology solutions dynamic market

CPV classifications

- 34150000 - Simulators
- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 48000000 - Software package and information systems
- 60500000 - Space transport services
- 72212931 - Training software development services
- 80500000 - Training services
- 80600000 - Training services in defence and security materials
- 92312212 - Services related to the preparation of training manuals

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 402. Security

Description

Part 402 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 48000000 - Software package and information systems
- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 75000000 - Administration, defence and social security services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 403. Safety

Description

Part 403 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security
- 80550000 - Safety training services
- 90700000 - Environmental services
- 98113100 - Nuclear safety services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 404. Architecture, Design and Specification inc. Requirements Elicitation

Description

Part 404 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services

- 72000000 - IT services: consulting, software development, Internet and support
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 405. Environmental

Description

Part 405 this is a test description for space technology solutions dynamic market

CPV classifications

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 35000000 - Security, fire-fighting, police and defence equipment
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security
- 90700000 - Environmental services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 406. Academic Research, inc Astronomy, Cosmology

Description

Part 406 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 73000000 - Research and development services and related consultancy services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 407. Independent Testing/Evaluation/Validation/Verification and Trials Support

Description

Part 407 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft

- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 48000000 - Software package and information systems
- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 408. Geodesy

Description

Part 408 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services

- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 409. Concepts

Description

Part 409 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services
- 75000000 - Administration, defence and social security services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 410. Doctrines

Description

Part 410 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 75000000 - Administration, defence and social security services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 411. Regulatory, Law, Licensing

Description

Part 411 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 60500000 - Space transport services
- 75000000 - Administration, defence and social security services
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 412. System Integration

Description

Part 412 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 60500000 - Space transport services
- 48000000 - Software package and information systems
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 413. Project Management, Maintenance, Engineering and Operations Support

Description

Part 413 this is a test description for space technology solutions dynamic market

CPV classifications

- 34700000 - Aircraft and spacecraft
- 35000000 - Security, fire-fighting, police and defence equipment
- 38000000 - Laboratory, optical and precision equipments (excl. glasses)
- 50000000 - Repair and maintenance services
- 60500000 - Space transport services
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 414. Unmanned Autonomous Vehicles (UxVs) - Engineering

Support

Description

Part 414 this is a test description for space technology solutions dynamic market

CPV classifications

- 35613000 - Unmanned aerial vehicles
- 71000000 - Architectural, construction, engineering and inspection services
- 72000000 - IT services: consulting, software development, Internet and support
- 73000000 - Research and development services and related consultancy services

Same for all parts

Contract dates are shown in the Scope section, because they are the same for all parts.

Part 415. Unmanned Autonomous Vehicles (UxVs) - Safety

Description

Part 415 this is a test description for space technology solutions dynamic market

CPV classifications

- 35613000 - Unmanned aerial vehicles
- 71000000 - Architectural, construction, engineering and inspection services

- 79000000 - Business services: law, marketing, consulting, recruitment, printing and security
